Facility Rental Guidelines

Facility Use

All after-hour activities for purposes other than school or District educational use will be scheduled through the District Facilities Scheduler. The Facilities Scheduler is responsible for coordination of all school rentals.

Each school year begins on July 1 and ends on June 30. Schools are given first priority for use of facilities. Rental requests will be scheduled on a time and space available basis.

District Programs & Local School Related Use (PTA, School Community Group, In-service, etc.)

Use of Jordan School District facilities will be granted free of charge for JSD sponsored programs and activities according to Category 1 of the fee schedule. If use impacts local personnel's normal duties or requires additional personnel, those costs will be charged to the sponsoring group.

An exception to this guideline would be the curriculum-based, class-level activities of elementary schools (Science fairs, plays, literature nights, etc.) parent/teacher conferences, officially sponsored PTA meetings or activities, and school community council activities. If the activity requires additional custodial time, that time should be submitted to the office of the District Facilities Scheduler on a time sheet. The Facilities Scheduler will code and sign the time sheet and forward it to Payroll. These costs will be covered by District funds.

No cost for use of District facilities will be charged for Curriculum Department-sponsored in-service classes when held at designated locations. The Facilities Scheduler has the responsibility to send in-service groups to those designated locations. Any other schools/facilities requested are subject to appropriate fees and are granted based on time and space availability.

In-service classes sponsored by a local school or PTA and not held in conjunction with Curriculum Department in-service, will require the approval of the appropriate Area Administrator of Schools. If the class requires additional time for the school custodian, that time should be submitted on a time sheet to the Area Administrator of Schools. The Area Administrator of School's office will sign the time sheet and forward it to the Facilities Scheduler for coding. The Facilities Scheduler will code the time sheet and forward it to Payroll. These costs will be covered by District funds.

All groups are responsible to provide their own supplies, including photocopies, paper, markers, chalk, etc. Needed equipment can be requested at the time the

Facility Rental Guidelines

(District Programs & Local School Related Use continued)

room request is completed. School functions will take priority over other activities in scheduling buildings.

In-Service Use, Other Than School or District Use

Individuals from the Utah State Office of Education, who wish to hold in-service classes at a Jordan School District facility, should first contact the Curriculum Department and then make arrangements through the District Facilities Scheduler.

The USOE will be encouraged to conduct in-service classes at designated locations and during business hours. Otherwise, as per Utah Code 53A-3-414, prices should be set at a rate to cover all costs including administration, supervision/technician, custodian(s), supplies, and utilities.

School Clubs

Facilities will be made available for school clubs to conduct meetings according to Category 1 on the fee schedule.

Clubs associated with organized sports leagues and not sponsored by UHSAA, such as lacrosse, rugby, hockey, and rodeo club are subject to rental fees for conditioning, practices and games.

School Fundraisers

All school fundraisers must comply with District Policy AA417. Fund raising requests must be submitted on a District Fund Raising Request form, and must be approved by the school administration and the Area Administrator of Schools.

Any fundraiser designed to compensate personnel, businesses or any outside entity must be conducted as a rental through the Facilities Scheduling office.

Special Event Partnerships

Under the direction of the Area Administrator of Schools, the Administrator of Auxiliary Services, and the District Facilities Scheduler, school administrators may form special event partnerships that will be mutually beneficial to the business, the District, and the individual schools involved.

The distribution of revenue from such a partnership will be determined on an individual basis; however, all costs for personnel, building maintenance and utilities must be covered and forwarded to the Facilities Scheduler's office.

JORDAN SCHOOL DISTRICT

Facility Rental Guidelines

(Special Event Partnerships continued)

The business must complete the rental process with the District Facilities Scheduler so that there can be a proper distribution of funds to cover District expenses, indemnification and liability requirements.

Camps and Clinics

School run camps and clinics held by Jordan School District personnel must be conducted in accordance with the District Camp and Clinic Guidelines. Requests from individuals outside of the District must be conducted as a rental.

Inter-local Governmental Agreements

Jordan School District may enter into inter-local agreements for the use of properties or buildings with municipalities or tax-supported agencies that are beneficial to the students of Jordan School District. The District may negotiate inter-local agreement fees on an individual basis.

All Inter-local agreements will be developed at the District level by the superintendent or a designee, with Board of Education approval. The building administrator is not authorized to negotiate inter-local agreements with governmental or other agencies.

If a request is made at the school level for use of the building by a governmental agency, they should be referred to the Facilities Scheduler. Since the local administrator is frequently responsible for or impacted by an inter-local agreement, his/her input should be sought.

Inter-local agreements may include such activities as pageants, music and drama productions, recreational activities, emergency shelter agreements, etc.

Election Use

The Board of Education authorizes the use of Jordan School District facilities for election purposes. Local schools are expected to cooperate. The election judge assigned to each site is responsible for setting up the election booths. The school will provide a table and chairs for each voting district. The voting should be set up near handicapped entrances for easy access.

Schools are expected to remain open for the duration of the agreed upon time. A custodian or sweeper must be present and must be available for assisting the election chairman as needed. The custodial staff should complete regular duties when not assisting the election chairman. Custodians working during their regular hours will not be paid extra for assisting with elections. Custodians or

JORDAN SCHOOL DISTRICT

Facility Rental Guidelines

(Election Use continued)

sweepers will be paid for extra hours worked at the elementary school sites. This time should be submitted on a time sheet to the Facilities Scheduler. A fee will be negotiated and assessed to the County/City to cover District expenses associated with the election use.

Charitable Use

Those wishing to rent the facilities under this category must provide evidence of their non-profit status: 501c3 form. Category 3 and Category 4, according to the fee schedule, will be charged to recoup building expenses, provide necessary custodial supplies, and for personnel time.

As per Utah Code 53A-3-414, prices should be set at a rate to cover all costs including administration, supervision/technician, custodian(s), supplies, room and equipment rental, and utilities.

Commercial Use

Jordan School District is a tax supported entity whose primary mission is the academic, physical, cultural, and emotional development of the students we serve in our schools. Due to the nature of Jordan School District, commercial rentals are discouraged. Large rentals that are taxing on employees and facilities should be referred to professional business agencies, which can better serve their needs. JSD does not wish to compete with other local facilities that are created for the purpose of holding public and private events.

Rentals used to gain profit or make a living are deemed to be a commercial rental.

Criteria used to approve appropriate commercial rental are as follows:

1. Is there another facility that could service the rental? *The school district should not be in competition with local businesses.*
2. Is the requesting commercial entity part of the local school community?
3. What would the impact be on the school facility and school personnel?
4. Does the requesting commercial entity have a business license?
5. If admission or fees will be charged or items sold, the requesting commercial entity must have a Temporary Sales Tax License.

The renter will be charged for all spaces used for such rentals. Only the rented space and adjoining restrooms and common areas may be used. If storage of equipment is required for the rental, a fee will be charged to store equipment or other items. As per Utah Code 53A-3-414, prices should be set at a rate to cover all costs including administration, supervision/technician, custodian(s), supplies, room and equipment rental, and utilities.

JORDAN SCHOOL DISTRICT

Facility Rental Guidelines

Funeral Services

Funerals and viewings should be referred to professional business agencies that are intended to serve these purposes.

Alumni Class Reunions

All alumni class reunions must be scheduled through the Facilities Scheduling office and are subject to applicable fees.

Equipment

Those requesting to use equipment such as: stage lighting, sound systems, pianos, risers, projectors, DVD players, mats, etc., must pay an additional fee as per agreement.

Jordan School District trained technicians must be hired to operate all sound, lighting, and other specialty equipment. Any damage to or loss of District equipment must be charged to the renter.

Supervision

There must be an employee of the school/District present during any building rental from an outside group. If the activity occurs during the custodian's regular time, additional personnel must be hired to supervise the activity. The supervisor must be accessible to the group using the facility.

The District Facilities Scheduler will use discretion in requiring adequate additional supervision by law enforcement and school personnel for the type of activity and the number of people involved.

When the kitchen is used, appropriate Nutrition Services staff must be hired to supervise use of the kitchen equipment. A Jordan School District employed technician(s) must be hired to operate the sound and lighting system for use of the auditorium, and for other specialty equipment.

District personnel who provide services or supervision during a rental must be paid through the JSD Payroll Department. This personnel time should be submitted on a time sheet. Classified employees will be paid at their hourly rate. Certificated employees will be paid at the in-service rate per hour.

User warrants to the District that it will provide all the supervision necessary for the safe use of Facilities. User understands and agrees it takes full responsibility to provide medical and emergency care to all those involved in the Event,

including participants and spectators. User warrants to the District that all medical and emergency care will be appropriate and sufficient.

Warranty of Inspection

User must inspect the Facility and warrant to the District that the Facilities are acceptable and appropriate for the Event. User accepts full responsibility for all conditions on the premises that can be identified by reasonable inspection. User must give District written notice of any objectionable conditions, no later than one week before the date of the Event. Failure to provide such advance notice of objectionable conditions will be deemed acceptance of the Facilities.

Indemnification

All renters must be willing to sign the Permit and Use Agreement of School Facilities and Grounds, indemnifying and holding the District harmless.

Governmental Immunity

The Permit and Use Agreement of School Facilities and Grounds grants use of the specified Jordan School District property pursuant to Utah Code Ann. § 53A-3-413 to 414. Jordan School District is immune from any claims, injuries, or lawsuit arising from use of Jordan School District property pursuant to the issuance of this permit under Utah Code Ann. 63G-7-301(5). User agrees to adhere to all Federal, State, and Jordan School District rules and regulations.

Insurance

Non-Profit Users are advised to obtain insurance for their own liability. Commercial/For-Profit Users warrant that they maintain all legally required insurance. For the purposes of this agreement, Commercial/For-Profit Users shall also have Comprehensive General Liability Insurance covering the Event in the amount of \$1,000,000 per occurrence and \$2,000,000 general aggregate and have the District named as an insured. Five working days prior to the Event Commercial/For-Profit Users will give to the District a Certificate of Insurance, which will include the above stated amounts, and show that the District has been added as an insured. **Absent such certificate, Commercial/For-Profit Users will not be allowed to use the Facilities.** If for any reason, Jordan School District is held not immune from suit pursuant to Utah Code Ann. § 63G-7-301(5), User agrees to indemnify and hold harmless, the District, and all of its boards, officials, officers, employees, agents, and volunteers from any and all lawsuits, claims, damages, liabilities, costs and expenses, including attorney's fees, arising out of or in any way connected with User's use of the Facilities.

JORDAN SCHOOL DISTRICT

Facility Rental Guidelines

Forms

The District Facilities Scheduler is responsible to insure that all applications for rentals are complete and that proof of insurance is included with each Permit when applicable. The school administrator and custodian will be notified of an approved application, to include all of the agreed upon details of the event.

District personnel must submit a time sheet to the Facilities Scheduler when requesting payment for supervision and support. The time sheet form is available on the District Web site, under the Payroll Department.

Payment

Fees will be charged for use of facilities according to the approved fee schedule. All fees may be paid by cashiers check, money order, or credit card (American Express excluded) and must be submitted prior to the activity, and will be collected by the District Facilities Scheduler.

Personnel time sheets resulting from a rental must be submitted to the Facilities Scheduler on a District time sheet for proper coding and payment.

A 10% deposit or \$200, whichever is greater, will be required on all rentals. This deposit covers damage to the school, additional personnel required, and additional time or space added to the original agreement. If the deposit does not cover these costs, the renter is responsible to cover all additional costs. All or a portion of the deposit will be refunded if all costs are covered in the original agreement. If the District Facilities Scheduler must be notified of a cancellation of the planned activity, the contract amount and a portion up to 50% of the deposit may be refunded, if requested within 30 days of the event. The renter must submit to the Facilities Scheduler a request in writing of those fees to be refunded. The request must include all mailing information, to whom the check should be made, and a copy of the rental application.

Disbursement of Funds

An amount equal to 10% of the building rental fee (not personnel costs associated with the rental) at a location will be returned at the end of the year to the school custodial supply budget. At the end of the year, and after all costs for rentals are covered, the remainder of the revenue will be shared between the school and the District at a 30%/70% ratio. The school's portion will be deposited to the principal's discretionary account, and the District's portion will be retained to pay for capital improvements in District schools, and to recover maintenance and operation costs associated with rentals. The District Facilities Scheduler will be responsible to calculate the amount and see that it is transferred to each location.

JORDAN SCHOOL DISTRICT

Facility Rental Guidelines

Use of Grounds and Outside Facilities

All field rentals are under the direction of the District Facilities Scheduler. The local school's use of the fields to meet curriculum and program needs supersedes any other use. When rental is allowed, hours and use must be designated.

Inter-local agreements may be established for recreational programs to use District grounds.

The UHSAA moratoriums will be enforced for off-season times. The District may declare moratoriums on fields as needed for repair.

Approved users will provide, when needed, sanitation facilities for the duration of their activity. The location on the school property where the sanitation facility is placed must be coordinated with the Facilities Scheduler and the school. The sanitation facility must be properly secured and locked when not in use. The sanitation facility is the sole responsibility of the renter, and must be removed from JSD property at the conclusion of the activity.

JSD is not responsible for any items left on the property after use.

Any group or organization using Jordan School District facilities must adhere to the following standards:

1. All community use will be scheduled through the District Facilities Scheduler.
2. Principals, athletic directors and coaches are not authorized to approve grounds use for any group other than school programs.
3. A deposit of 10% of the rental or \$200, whichever is greater, will be charged to the renting organization for field use. At the end of the rental if the facility is left clean and without damage all or a portion of the deposit will be returned, less cost to restore facility to acceptable condition.
4. The high school football, baseball, softball fields, and tracks are off limits to any group other than Jordan School District endorsed athletic programs.
5. Groups such as community football, soccer, rugby, lacrosse, and any other high-wear field usage activity are not allowed to use high school fields.
6. No outside use of grounds will be allowed during school hours.
7. Ongoing, organized groups will not be allowed to have unscheduled or uncharged activities.

JORDAN SCHOOL DISTRICT

Facility Rental Guidelines

(Use of Grounds and Outside Facilities continued)

8. All groups will provide their own adult supervision to adequately monitor facilities used. Monitoring is to maintain order and prevent vandalism, destruction, or damage of school, adjoining properties, or equipment. No unsupervised youth group or organization will be allowed to use the school facilities.
9. No playing on wet fields, to prevent damage and a negative impact on school programs.
10. No tampering, modifying or abusing of the field-watering equipment is allowed.
11. Users must be respectful and considerate of private properties bordering school grounds.
12. Field marking must be done in such a manner that there is no damage or destruction of the grass (with an approved field marking paint). No gasoline or other herbicide may be used.
13. Portable goals must be set up and taken down and properly secured each day they are used. Permanent goal installation is not allowed.
14. Driving of vehicles on playing fields or playground asphalt areas is prohibited. Parking must be in designated parking areas only. No double-parking, parking in emergency access lanes or along red curbs. Removal of bollards is prohibited.
15. No alcohol, tobacco or drugs are allowed on school grounds, as per UT State Code.
16. No loud music or inappropriate conduct.
17. All trash must be picked-up at the conclusion of use.
18. No climbing on fences or backstops, to prevent damage or injury.
19. Rental groups must be willing to sign a hold harmless agreement for field usage. (Permit and Use Agreement of School Facilities and Grounds)
20. Public Yard sales are prohibited.
21. Car washes of any type are not allowed on school property, in accordance to the Utah Division or Environmental Quality.

These standards will be distributed to all teams using District property. Municipalities using Jordan School District facilities for leagues through an inter-local agreement share the responsibility to enforce the above standards.

JORDAN SCHOOL DISTRICT
