

Electrical Safety Reminder

Power Strips:

- Do not plug one power strip into another power strip (daisy chaining)
- Do not plug extension cords into power strips.
- Do not plug large appliances into power strips (Space heaters, microwaves, fridges, etc.)
- Do not cover power strip, ensure it has adequate ventilation space
- Do not plug multiple Computer carts into powers strip

Space Heaters:

- Do not plug into power strips, plug into its own wall socket
- In accordance with District Policy they must be equipped with a tip over safety switch.
- Allow the maximum amount of room between the heater and all surrounding items.
- Must be turned off at the end of the day before you leave

Computer Carts:

- Space out carts to be plugged into different wall outlets
- One per double outlet
- Corridors also need to be kept clear of obstructions includes charging stations.
- Charging stations should not be located where to block doorways or egress paths in classrooms.
