Important links further down the page: Download the books to your computer.

[Pesticide Applicator Licensing Exams](#)

[Pesticide Exam Study Material](#)

[Pesticide Practice Exam](#)

The General Exam Book is the same for both the Private Applicator Exam and the Commercial/Non-Commercial Applicator Exam. Select the General Exam Book under Study Material or the National Pesticide Applicator Certification Core manual has one additional chapter, located at bottom of page.

Next select and Download the study material for:

- Ornamental & Turf (3) PDF
- Structural and Health – Related (7) PDF

These will be the three books that we will use to study for the National Pesticide Applicator exam.

Additional resources for prep: [Pesticide Practice Exam](#)

This practice test has 168 review questions. You can complete all or part of the exam and receive a score for the question you have completed. I would recommend using this exam for the prep before taking the State exam at the testing center.
